

Wave 100 Product Specifications

Ideal for pools	Up to 32' X 82'
Cycle time	4, 6, 8 hours
Cable	115 feet
Weight	29 lbs
Suction rate	75 gpm
Power supply - digital switch-mode	Output <30 VDC; IP 54; full filter bag indicator;
Filtration	2 filter bag options, 70 and 50 micron, for all types of dirt and debris
Brushes	Dual active combined brushes
Motor unit voltage	27 VDC
Remote control	Set-up of parameters and cleaning programs
Caddy	For handling and storage
Warranty	36 months or 3000 hours on non-wearable parts

About Maytronics

Nobody knows robotic pool cleaners like Maytronics – the company behind industry-leading Wave robots. For more than 30 years, we have been developing robotic cleaning solutions for the world's swimming pools.

Starting in 1983, we pioneered automated electronic pool cleaning technology. Today, Maytronics remains the market leader, continually setting new standards for technological innovation, design and reliability.

In everything we do, we strive to make pool owners' and users' lives easier and more enjoyable.

Our goal: to enable an exceptional experience of a pure, clean, safe, and relaxing pool.

WAVE – THE LEADER IN INSTITUTIONAL POOL ROBOTIC CLEANERS

The best value for money in institutional pool cleaning Dolphin Wave 100 Highly efficient fully automated cleaning for park, high school, YMCA and other small institutional pools. The advanced gyroscopic system ensures accurate scanning for systematic coverage of floor, walls and water-line. High-capacity filtration space captures dirt, dust and all other types of debris, leaving a clean surface.

Gain heavy-duty cleaning performance, with robust reliability for long-term, cost-effective operation. Dolphin Wave robotic cleaners from Maytronics are the proven, professional solution for small public pools, getting the best value for money.

Advanced technologies ensure comprehensive scanning of the entire pool and highly effective brushing and filtering throughout the cleaning cycle.

With fully automated operation, your staff can focus on other tasks and your pool is left sparkling clean after every cleaning cycle.

Wave 100 key features and advantages

- **Total pool cleaning** – Unique gyroscopic system delivers accurate and effective scanning for systematic cleaning along the entire pool.
- **CleverClean™** scanning system ensures complete pool coverage and cleaning.
- **Gyroscopic navigation system inside** – Gyro inside maintains stable navigation and ensures maximum cleaning efficiency.
- **Maximum hygiene** – Thorough brushing, efficiently removes algae and bacteria, enhancing water quality.
- **Advanced, high-capacity 2 levels filtration options** – 2 filtration options: ultra fine and fine for all pool conditions and seasons. 20% extra filtration capacity, leaves the pool water clean and free of hair, dust, insects and other debris.
- **User-friendly** – Fully automated, plug & play operation remote control, with optional parameters and operation delay to suit every pool conditions and requirements, ensures easy use and maintenance. Caddy for handling and storage.
- **Cost-effective, long-lasting value**
 - Built to last – brushless suction motor, heavy duty design
 - Minimize manual cleaning – just set and forget
 - Efficient and precise cleaning

Professional support and service

- Full warranty on non-wearable parts for 36 months or 3000 hours, whichever comes first. Please contact your dealer for details.
- Onsite start up and training provided by certified Maytronics product experts.
